

EXTREME™ SERIES SECTIONAL DOORS

DRIVEN, TOGETHER

Extreme Series Sectional Doors combine our passion for ingenuity, precision, tech, and aesthetics into one powerful package. Lightning fast operation and durable design strengthen your inventory security and turbocharge your service department. These doors deliver on unmatched performance and style, spotlighting your dealership and pushing you miles ahead of the competition.

EFFORTLESS AND POWERFUL OPERATION

The mighty LiftMaster® motor opens at a rapid 24" per second, so you can move inventory quickly. Wireless integration helps you easily control and troubleshoot, inspiring confidence in your door's performance. Enjoy convenient features like an easy-to-read display, advanced limit-setting technology, and a direct-drive system for smooth and easy operation.

GO THE DISTANCE

Your door comes standard with heavy-duty hardware, double end stiles, and an upgraded lift cable. Advanced soft start and stop features maximize your door's life, so you don't have to worry about downtime. Available full-vision window panels and high-tech insulation offer the perfect balance of form and function, for performance you can see and feel.

DESIGNED TO KEEP PACE WITH YOUR DEALERSHIP
